Art Unit: 2652

1. Claims 1-11 are allowable over the prior art of record.

Applicant's IDS and description of the cited prior art are noted.

None of the references of record alone or in combination disclose or suggest an optical recording/reproducing/disk apparatus/method including light means/source/step, detection/optical system/step, information processing circuit/step modulating light spot intensity according to writing pulses and using an electrical signal to reproduce information, and a tracking servo circuit/means/step including **applying extracting pulses having a pulse width greater than the writing pulse width so that time-wise portions of the electrical signal corresponding to the writing pulses are not used for tracking servo operation.**

2. The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

3. This application is in condition for allowance except for the following formal matters:

Surrender of the original patent.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
